

Big Blocks

by Dee Yetter

12" Blocks
(12 1/2" unfinished)

personal & non-profit use only

thelinusconnection.org

2023 charity block

It may be scrappy, feature pretty fabric and be color coordinated, or fussy cut fabric or panel blocks. Please donate in multiples of 2 blocks to help with assembling attractive quilt tops

To make 1 Block:

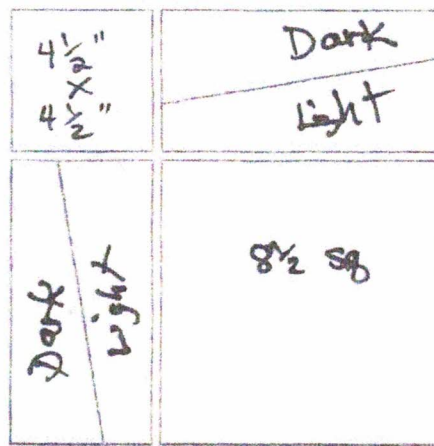

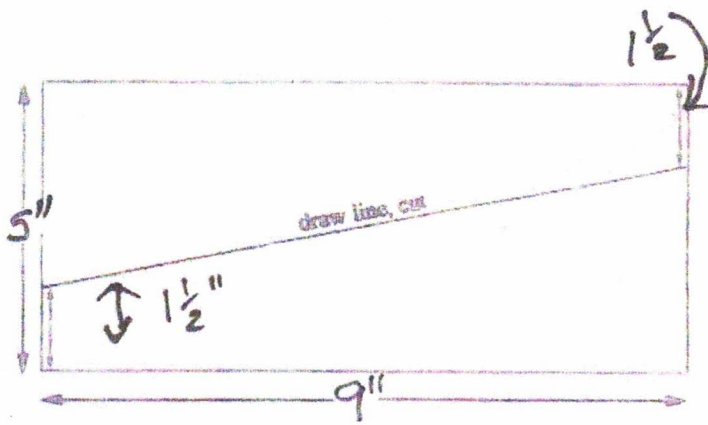

Cut 1- 8 1/2" square of your focus fabric (main square)

Cut 1- 4 1/2" square for corner square

Cut 1- 9x5" dark fabric (sashing)

Cut 1- 9x5" light fabric (sashing)

Stack the light & dark 9x5" pieces right sides up with light fabric on top. With the 5" sides as the bottom & top, put a small mark 1 1/2" from the top left and a mark on the bottom right. Draw a cutting line between the marks or line up with a ruler and cut with a rotary cutter. Lay out a pair of dark & light horizontally with cut edges touching so the light narrow end is on the bottom pointing to the left. The dark fabric narrow end should point to the right. Flip the top (dark) fabric over the light fabric with right sides and cut edges together. Sew the cut edges. Press open and trim to 8 1/2".

Page 2 2023 charity block

Assemble corner square to sashing and focus block as pictured.

For a finished quilt, make optional sashing and small squares for right side of quilt.

Small/child 45x55 (4 across, 5 down)
